

**15' LOAD MEASURING STICK**

Safetruck's load measuring stick has a 4' locking fold up horizontal bar for measuring the vertical height of a load, or it may be used for measuring access clearance. Extends to 15', and has an easy-to-read scale in 1/2" increments. This three section, all fiberglass, telescoping pole will save you time and worry. Great for heavy haulers, automobile transports and law enforcement.

**27' MEASURING POLE**

This Measuring Pole is great when you want to measure from the ground for access clearance. Exact measurements of up to 27 feet are conveniently read on the height indicator. The height indicator is mounted to the bottom tier so it remains where measurements can be easily read.

- Rugged fiberglass construction with excellent tensile strength.
- Compact and easy carrying: Only 56" long when closed.
- Lightweight: Less than 5 pounds for easy carrying.
- Smooth telescoping movement with friction clamps for no-slip extension.
- 7 self locking sections for quick and easy use.
- Bright yellow color for safety.
- Comes with carrying case.

This measuring pole has Great for checking the access clearance of bridges, overhangs, branches, etc.

**27 FEET**

Lightweight, durable, and easy to use.

Compact & Easy to Carry
